

# RACK™ IN THE REBATES WITH AIR ENERGY SYSTEMS, INC.

---

Vectren offers a Custom Incentive Rebate Program in all of their service areas around the state. This program offers up to \$1.00/therm for projects saving more than 25,000 therms, \$.75/therm for projects between 7,500-24,999 therms and a maximum payout amount of \$50,000 per project. Air Energy System's Rack Unit is the only technology that received the maximum rebate on multiple projects.

**Allpoints #6 (950,000') installed (8) ER-242-800 Rack Units and (2) Rupp Ram 30 MAU, this system saved the owner 93,196 therms compared to a traditional heating system. This savings resulted in a \$50,000 check to the owner.**
